Community Partners

During the month of September, MultiCare Health Foundation will partner with the community to help raise funds to advance MultiCare's cancer programs and services in the South Sound through community events and their annual concert for a cause – Rock the Foundation.
Rock the Foundation Event is Tacoma's premier party, where guests enjoy dinner, live auction, and entertainment to raise funds to support healing and a healthy community.

How can I participate?

- **Community Give Backs**

  Restaurants, coffee shops and store merchants can pledge a percentage of sales, offer a round up on purchases or a donation jar designated to MultiCare's cancer programs and services for the month of September

- **Make a donation**
  Help your community by making a one-time donation to MultiCare's cancer programs and services.

Supporting Early Diagnosis, Innovative New Therapies, and Support Services

The MultiCare Regional Cancer Center supports patients by bringing together South Puget Sound's top doctors to deliver nationally-recognized cancer care close to home. In 2021, the center treated more than 15,000 oncology patients in the South Sound, including roughly 3,000 who were newly diagnosed. To ensure these individuals feel confident throughout their cancer journey, MultiCare connects them with doctors, nurses and other specialists from early diagnosis and treatment to support and survivorship. As the only comprehensive network of cancer centers in South Puget Sound, people across Pierce County can access compassionate care, regardless of their financial situation.

Partnering together
We want to partner together to make a difference, while promoting your business. Here's how:

- We'll post the event on MultiCare's internal website connecting with more than 20,000 employees

- We'll share on Rock the Foundation social media

- Promote through our community events webpage (give.multicare.org/community) and emails

You can make a difference

By partnering with the MultiCare Health Foundation through a community partnership, you and your customer's will help provide local cancer patients with the support they need to face cancer, head on.

Because what's good for your community is good for business.

Thank you for your consideration.
